

DHY 220: Dental Hygiene Theory V

This course is designed to present advanced dental hygiene theory in instrumentation skills, presentation of a patient case study, and practical application in the interview and resume process. Emphasis is placed on the development of critical thinking skills through the preparation of a case study presentation. Upon completion, students will be able to deliver a comprehensive case study developed throughout their final year as well as apply advanced instrumentation skills in the clinical setting.

Credits: 1

Prerequisites:
